My kids and that i had a good time analyzing this together, laughing at Lucy Rose's antics and feeling reassured incidentally within which she navigates her difficulties. Lucy Rose, Here's the item approximately Me is an effective selection for younger readers who've loved the Junie B Jones sequence by means of Barbara Park, yet are beginning to develop out of it. This a great read-aloud/bedtime or self sustaining interpreting selection for a while 6-9. As an additional observe I should still point out that I selected to seek out and browse a Lucy Rose e-book simply because I had learn Lovelace nominee Melonhead through Katy Kelly (same author). even though i used to be no longer overly extremely joyful Lucy Rose: Here's the Thing About Me (Lucy Rose) with Melonhead I did think there have been a few powerful narrative and personality moments in that booklet that warranted a sampling of the author's different work. Melonhead is a minor personality within the Lucy Rose Lucy Rose: Here's the Thing About Me (Lucy Rose) books (and she is in Melonhead as well). the standard of the storyline and the powerful characters in Lucy Rose lead me to think that destiny books from his writer utilizing the nature of Melonhead have the capability to be both relaxing and engaging. (I may work again and re-read Melonhead to work out if my opinion has replaced in any respect after analyzing Lucy Rose.)
